What **tech** do you have in your
classroom?

AUTO CAPTURE

CAPTURE

The biggest change in a century?

The same thing on a different mode

hardware vs software

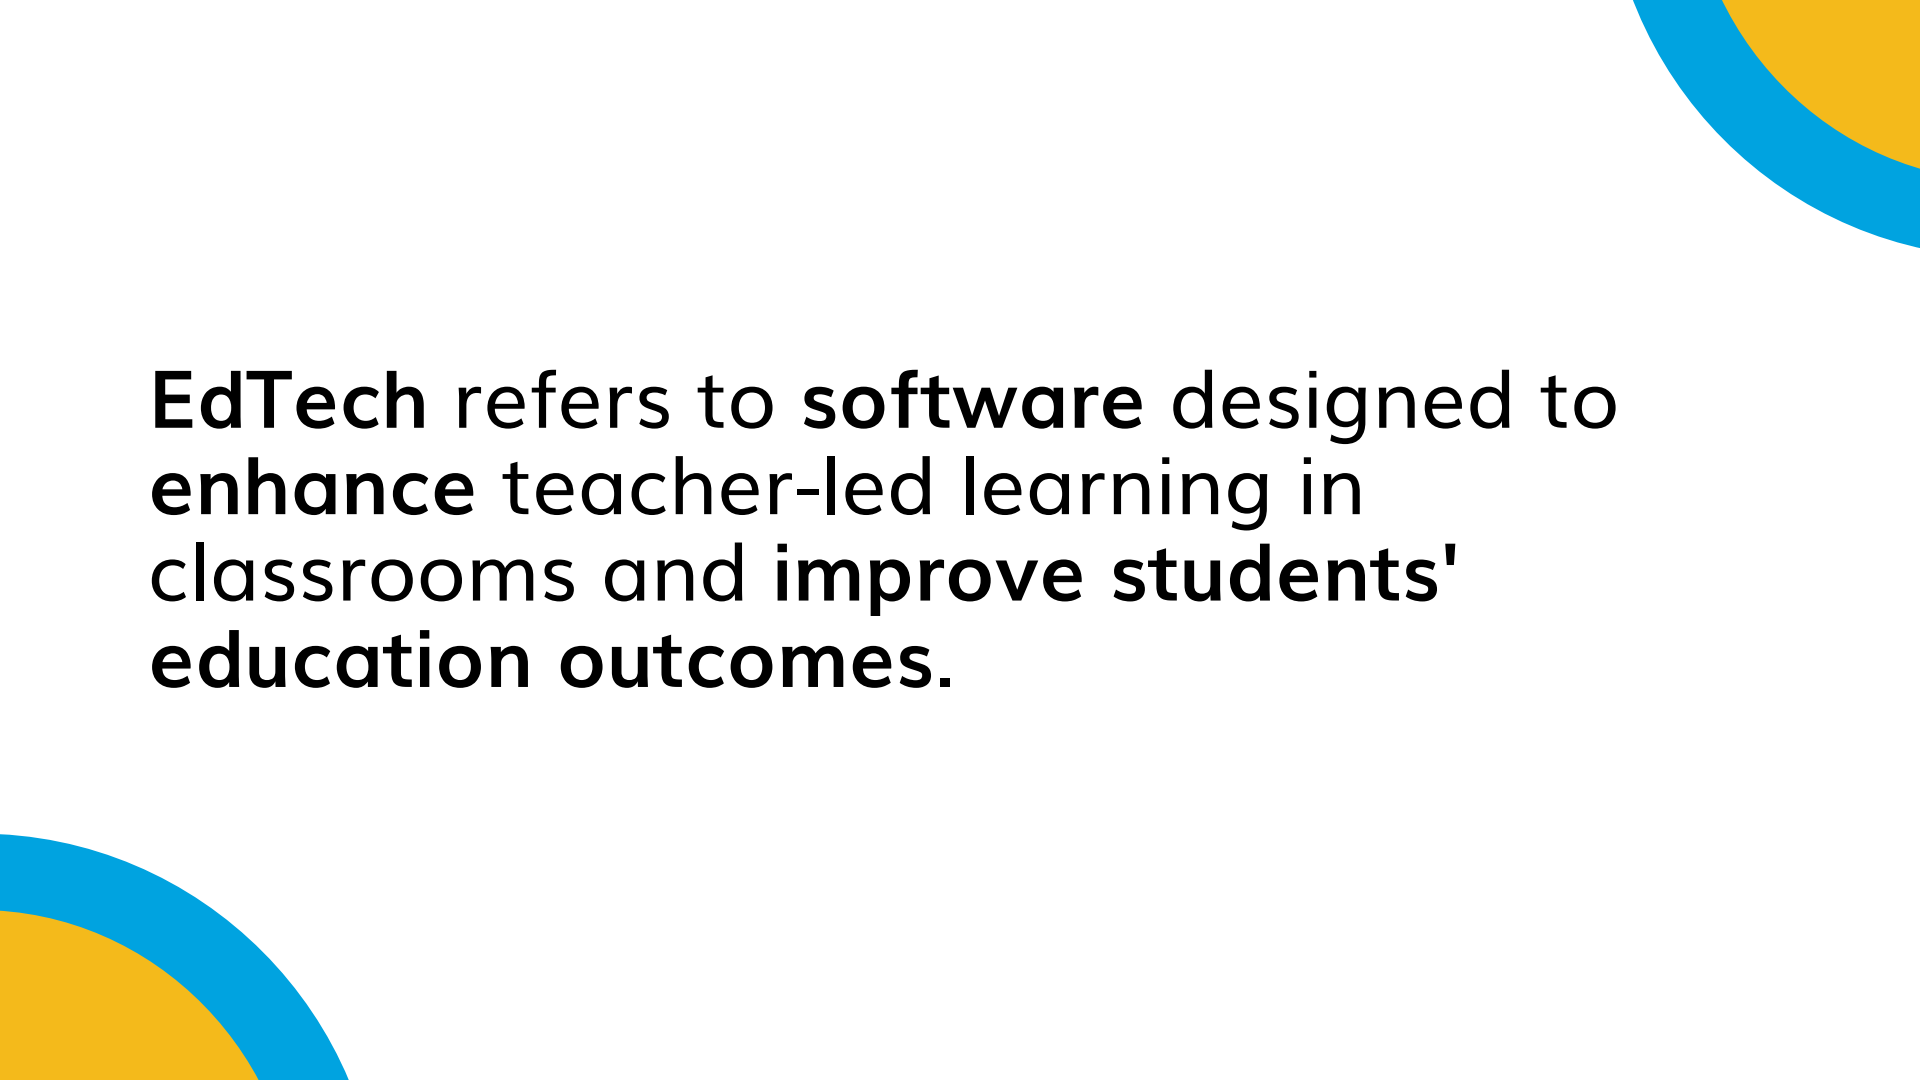

What is edtech?

Educational Technology

edtech

/'ed,tek/

EdTech refers to **software** designed to **enhance** teacher-led learning in classrooms and **improve students' education outcomes.**

EdTech refers to software designed to enhance learning and improve outcomes.

What **tech** do your
students have at home?

We can now connect learning from
the home to the class room

but before that....

A history lesson

1900 - 1920

The one-room schoolhouse

1930s

Overhead projectors, initially used for US military training, quickly spreads to schools

1923

Classrooms begin incorporating radios into penmanship, accounting, history and arithmetic lessons

1933

52% of schools are using silent films and 3% are using films with

1939

*The first TV appears
in a classroom in LA*

1950

*Headphones become popular
in school language labs*

1960s

*Whiteboards are invented to
replace the Chalkboard*

1964

BASIC is developed at Dartmouth College with the intent of giving students a simple programming language that is easy-to-learn

1967

Texas Instruments develops the handheld calculator

1973

The Minnesota Educational Computing Consortium is founded. The organization popularizes school software such as Oregon Trail ('74) and Lemonade Stand ('73)

1972

Scantrons are used to automatically grade multiple choice tests

1985

2002

According to the National Center for Education Statistics (NCES), about 99% of American public schools have Internet access. About 35% had Internet access in 1994

1991

SMART boards are introduced in schools

2012

1.5 million iPads are used in US schools

2013

*90% of students under
the age of 18 have access
to mobile technology*

studycat

2013

90% of students under the age of 18 have access to mobile technology

2020-2025

**Adaptive Learning
Personalized Learning
Augmented Reality
Game Based Learning
Machine Learning
Learning Data
Ai**

For the first time in **100** years we
have a real **opportunity to change**
education

this will happen on apps & online
it will be software

but....

Can you learn a
language on an app?

**What language
learning apps do
you know?**

duolingo

Apps are changing
how we access
language learning
around the world

LANGUAGE COURSES

Duolingo

Busuu

Babbel

FLASHCARDS AND SRS

Memrise

AnkiApp

Tinycards

Q&A, CHAT AND SOCIAL

HelloTalk

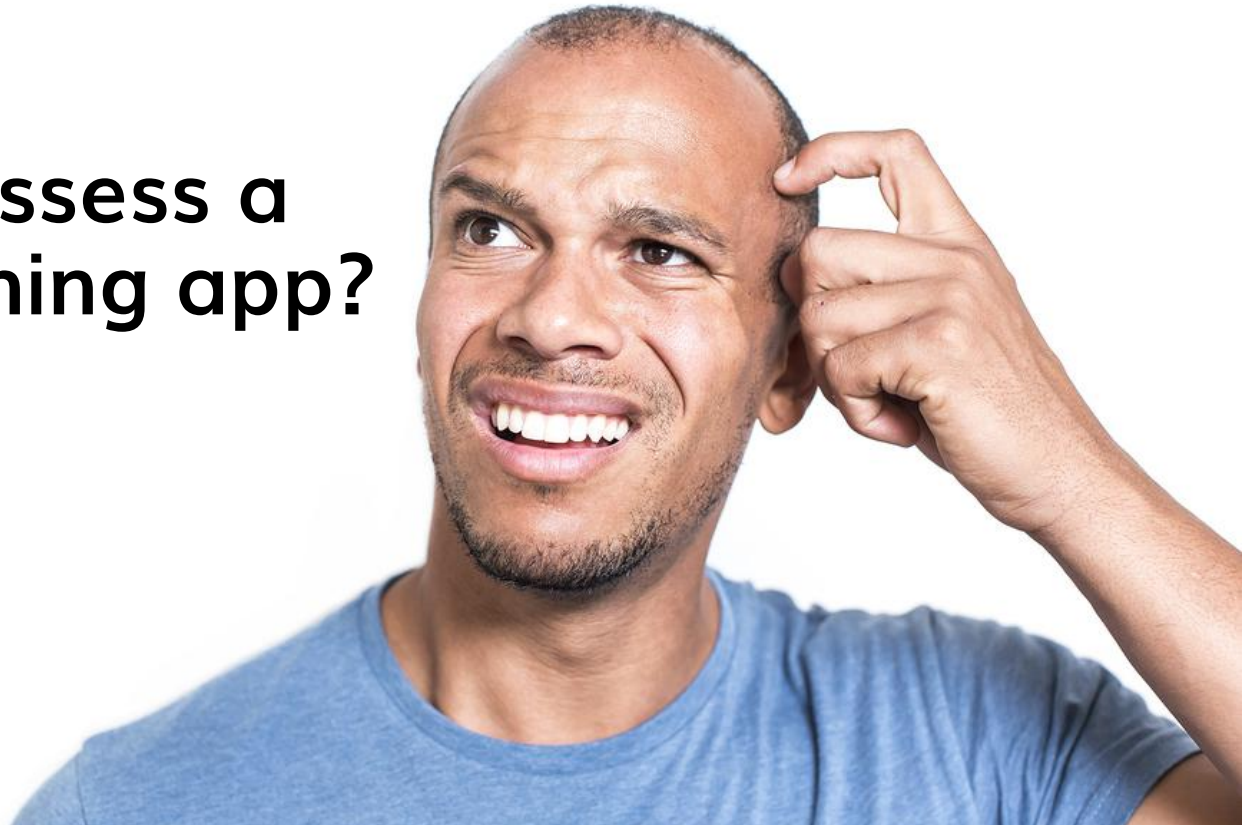

HiNative

TripLingo

**How can we assess a
language learning app?**

Is it free or subscription?

Will it work with my learning management system (LMS)?

Is it easy to install and set up?

<http://neatoday.org/2019/07/24/how-to-evaluate-tech-tools-youve-never-used-in-less-than-seven-minutes/>

Is it engaging?

Does it show progress?

Does it develop the 4Cs?

Does it increase in difficulty?

How much content does it have?

<http://neatoday.org/2019/07/24/how-to-evaluate-tech-tools-youve-never-used-in-less-than-seven-minutes/>

Let's look at two apps

#25 Helping Kids Take Control of Learning at Home

by Jake Whiddon

30 Apr 2020 4:00pm

China Standard Time (CST), UTC +8

With current school closures around the world, our **students** need practical ideas to help them with their language learning at home.

How in control are you students?

How much choice do they have?

Are they learning to learn?

[More details](#)

Add profile section ▼
